Docket No. 98N-1265, 9 '99 MAR 23 10:46
Food and Drug Administration
5600 Fishers Lane
Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I am a Registered Nurse and sought out the M.D. Gynecologist in my area who would prescribe the hormone replacement therapy best suited for me. He chose Madison Pharmacy Associates who formulate and ship my medication. I have never felt better since receiving my medication from Madison Pharmacy Assoc.

I live in a large metropolitan area and there is no pharmacy available ~~to me~~ who can provide the hormones I need.

I refuse to take Premarin, which is formulated from the urine of pregnant horses. I do not need extra horse hormones.

Please, do not restrict our right to receiving medication over state lines

Please fold, seal, and mail by March 22

Focus your energies on controlling the illicit drug traffic.

98N-1265

Thank you — C381
